# THE ACTION PLANS

- ACTs are developing action plans
- Action plans include a goal and details on the actions to achieve that goal
- Action plans concisely describe an approach to address a goal
- ACTs provide details including:
  - Who, what, where, when, why, and how
- The HNJAC is reviewing all of the action plans using a rubric

**Action Plan Draft**

**Topic Area:** Healthy Families      **Subcommittee:** Family Health

**Your Name:** John Nardi      **Date:** 6/6/2022

**GOAL:** To mitigate violence within families.

**Action #** 1

**WHAT** To decrease and mitigate violence within the family structure, community, and New Jersey. To improve family resiliency and develop a trauma-informed community in the prevention, awareness, and intervention of Intimate Partner Violence.

**WHY** The COVID-19 pandemic increased trauma and stress within the family structure and data has shown there has been a rise of violence during the pandemic in incidents of domestic violence, mental health, medical and illness. Families have been forced to deal with financial, housing, and employment concerns as well as childcare issues.

**DRAFT**

1. Recommend healthcare facilities, such as hospitals and urgent care centers improve reports of domestic violence incidents to the proper authorities.
2. Partner hospitals and other healthcare facilities with

# OUR GOALS AS THE HNJAC IN REVIEWING THE ACTION PLANS

What we're doing:

1. Review each action plan
2. Use the rubric criteria to think about each action plan
3. Provide meaningful written feedback to the ACTs to improve the action plans
4. Other goals?

Note:

- We're *not* using the rubric to prioritize one action plan over another – rather, the rubric is a tool to help us think about and discuss the action plans

# PROCESS FOR REVIEWING THE ACTION PLANS TODAY

- Discuss two action plans:
  - STIs and Family Health
- Review the criteria in the rubric (e.g., disparities, trend, severity)
- For each criteria, take a poll to rate the criteria (1, 2, 3)
- Provide comments related to each criteria using Jamboard
- Discuss what we think
- We will try to spend 30 minutes on each action plan

RUBRIC REMINDER

CRITERIA	DEFINITION
<b>Disparities</b>	Does the problem disproportionately impact populations at increased/higher risk for [condition]?
<b>Trend</b>	Is the problem getting worse or improving?
<b>Severity</b>	The severity of the problem (risk of morbidity/mortality or economic/social cost associated with the problem)
<b>Community Importance</b>	How important is the problem to the community? Is it aligned with the community's priorities? Will there be community buy-in? (Note: community can be a demographic group or a geographic location)
<b>Feasibility</b>	How feasible is change related to this problem given financial, social, and environmental conditions (including the availability of evidence-based solutions)
<b>Timing</b>	How significant is the value of immediate intervention vs a delayed response (exp. For long-term or complex threats)
<b>Alignment</b>	Is the solution aligned with one or more of the cross-cutting themes of equity, policy, and resilience?
<b>Scale</b>	How geographically widespread is the problem within NJ?
<b>Decision makers</b>	What is the extent to which decision-makers are aware of the problem and supportive of efforts to address it?
<b>Root causes</b>	What is the extent to which proposed actions/solutions address root causes driving health disparities?

CRITERIA	SCORE		
	1	2	3
<b>Disparities</b>	No or minimal discernible disparities	Moderate presence of disparities	Significant presence of disparities
<b>Trend</b>	Moving in the right direction	Stable	Moving in the wrong direction
<b>Severity</b>	Not life threatening/causes little chronic disease/disability	Causes a moderate amount of morbidity/disability and/or mortality	Causes many deaths and/or many years of chronic disease/disability/years of life lost
<b>Community Importance</b>	Not identified as a priority	Recognized as a problem, but not a priority	Identified as a high priority
<b>Feasibility</b>	Extremely difficult	Moderately feasible	Very feasible
<b>Timing</b> <small>immediate vs delayed response</small>	Low value	Medium value	High value
<b>Alignment</b> <small>with E/P/R</small>	Not at all aligned	Somewhat aligned	Strongly aligned
<b>Scale</b>	Focused in one or a few localized areas of NJ	Present in one or more geographic regions	Present in multiple geographic regions
<b>Decision makers</b>	Decision-maker(s) are unclear	Decision-maker(s) are identified but unengaged	Decision-maker(s) are identified and highly engaged
<b>Root causes</b>	Fails to or poorly addresses social and economic inequality, and/or inequities in political power	Satisfactorily addresses social and economic inequality, and/or inequities in political power	Strongly addresses social and economic inequality, and/or inequities in political power and seeks to build cross-sectoral solutions

# HOW DID THIS PROCESS WORK? WHAT'S NEXT?

- How did this approach work?
- As we receive action plans for review, how does the HNJAC want to review and provide feedback?
- One option:
  1. Receive the action plans
  2. Complete the rubric scoring for each criteria
  3. Complete the Jamboard slides, providing your comments ahead of the next meeting.
  4. Provide any written feedback on the action plan drafts (either in Teams or in Word emailed to Maria)
  5. Discuss all feedback on the action plans together as a team during the next meeting to maximize our time together

# NEXT STEPS
